

RAMBLER ROAD FORESHORE MASTER PLAN

COMMUNITY ENGAGEMENT SUMMARY

On 16 December 2022, the City commenced community engagement for the Ramblers Road Foreshore Master Plan. Engagement took place with 4 open house sessions and 3 beach user engagement events. Engagement was open until the 10 February 2023 to ensure summer holiday residents and beach users views were captured, alongside permanent residents. We asked the community to have their say on how they use the foreshore, values, threats and ideas for the future. This feedback will be used to form the Ramblers Road Foreshore Master Plan, along with input from adjoining land manager stakeholders.

PROJECT TIMELINE

NEXT STEPS

Stage 5: Community engagement is closed for evaluation and analysis. We will be reviewing the results and an Engagement Report for the Ramblers Road Foreshore Master Plan will be produced. This report will be available on the Have Your Say page in the coming weeks.
