

# BLUE WATERS LAKE MASTERPLAN COMMUNITY ENGAGEMENT (STAGE 1)

## COMMUNITY ENGAGEMENT SUMMARY

The first stage of the community engagement has closed. A discussion paper is being developed incorporating the comments submitted through the engagement process. The discussion paper will be made available on the Blue Waters Lake webpage at the commencement of the second stage community engagement. The master plan process has enormous potential to generate significant environmental and social benefits for Blue Waters Lake.

## WHAT YOU THOUGHT

**“A quiet peaceful pleasant environment to exercise and enjoy the birdlife/wildlife in.”**

**“To visit or view, it is a time and natural environment to enjoy with family and friends”**

**Blue Waters Lake is a hidden gem for wildlife, nature and going for a stroll, dog walk or run. ”**

**“The calm and quiet of the lake, particularly the incredible birdlife and glorious trees. ”**

**“Keep the rain and flood water off the path. Do not touch ANY trees. Ban adult cyclists except accompanying children Make no changes.”**

**“To enjoy my daily walks around the lake without have to always be looking out for the mud on the path on wet days.”**
